# Oahu- “The Gathering Place”

Oahu is home to Honolulu and Waikiki and three-quarters of Hawaii’s population. While most visitors go to the neighbor islands to get away from it all, Oahu has something for everyone! Oahu boasts nightlife, tall buildings and is home to Hawaii’s major business district, however, just a short drive from the city unveils a more laid-back – more authentic – Hawaii. From road side shrimp trucks and farmers markets to North Shore’s famously big waves, world’s top beaches, unspoiled valleys and mountains great for hikers and bikers, world renowned windsurf and kite surf spots and so much more. Whether you’re looking for city fun or a natural adventure, Oahu has it all!

## REEF-SAFE TIPS FOR YOUR TRIP!

Wear sunscreen every day with a high SPF. Believe me, you will get tan right through it! On water sports days make sure to use a really good super-water-proof sunscreen and reapply. SPF 45 is a safe bet. You’re a lot closer to the equator here than in most parts of the world and UV is very strong. If you do get burned, put aloe on right away and reapply often, and it will probably disappear in a day or two.

When people give you directions on Oahu – Mauka means toward the mountains, Makai means toward the ocean, Ewa means towards Ewa (West), and Diamond Head means toward Diamond Head (East). We usually refer to directions by landmarks rather than street names.

Kalakaua is the main road along the ocean in Waikiki. Kuhio runs parallel just behind it.

Waikiki is part of Honolulu proper, so all addresses in Waikiki will say Honolulu.

Pau means done or finished. Pupus are appetizers. Lanai is a balcony.

Some items to pack for your trip – slippers, rashguard, watershoes & drybag for ocean activities, hiking shoes, bug spray for hikes and a light jacket.

# Where to Go on Oahu!

## WAIKIKI

Definitely check out the world-famous Waikiki. It's very touristy, but a great place to grab a long board and try your hand at surfing. You can take a surf lesson for around \$60 – or rent a longboard for \$15-25 an hour. Stand Up Paddle Boarding is all the rage – it's great exercise and fun to SUP with friends. However, if it's windy, go sailing instead. You can also hop on a catamaran for a 45-minute sail and a couple mai tais!

You must go to **Duke's Canoe Club**. The best time to go is on a Sunday at 3 pm for live music (Henry Kapono) – it's where all the locals go to say goodbye to the weekend. Be sure to look out for the green flash at sunset! Duke's is at 2335 Kalakaua Ave. in the Outrigger Waikiki Hotel.

## NORTH SHORE

Home to delicious shrimp and famous surf spots like **Sunset Beach**, **Waimea**, and **Pipeline**. This is an absolute must! The North Shore is an hour drive from Waikiki and has some great beaches and high surf during the winter months. Along your drive to the North Shore (if you're coming from Waikiki), you will see pineapple fields – if you've never seen pineapple grow – it's a sight! The cute little town of **Haleiwa** (pronounced Hall- eh- eeva) has the best shave ice and great burgers. **Matsumoto Shave Ice** is very popular and **Kua A'ina Burger** has great burgers (get 'em with Avocado, mmmm) and Mahi burgers too (this is a type of fish). If you're coming from Kailua and taking the scenic route (make sure you have lots of time on your hands for this ride) – you **HAVE** to stop at the little grafittied truck along the side of the road in Kahuku (you'll pass it if you drive from Kailua to North Shore along the water. This is a beautiful drive, it's very scenic and much nicer than taking the freeway.) Literally look for a beat-up trailer truck with graffiti signatures all over it – probably with a huge crowd! It's called **Giovanni's Original Shrimp Truck**. Beware, spicy means SPICY! When in da country (North Shore), head to **Banzai Bowls** for some pure deliciousness! (banzaibowls.com).

Some great beaches to see are: **Sunset Beach**, **Ehukai**, **Pipeline**. If you're interested in scuba diving, this is the place to do it. Call **Aaron's Dive Shop** and they'll set you up. There are some great fruit stands on the side of the road that you have to stop at for fresh coconut, mango, apple bananas and other amazing local food!

## KAILUA & LANIKAI

A local heaven known for its kite surfing. If you love adventure, you'll definitely love kite surfing (keep in mind, it's kinda dangerous).

Lanikai has the most amazing white sand beach – perfect for relaxation. It's down the road past Kailua Beach, you have to park in a residential area or Kailua Beach Park and then walk to Lanikai. My recommendation is to stop at Kalapawai and pick up sandwiches and plan to spend the day at the beach!

If you're in the mood for a short 25 - 45 minute hike (depending on how fast a hiker you are) and a spectacular view, the Lanikai Pill Boxes are a must! Best time for this hike is sunrise and sunset! If you love photography, try to get the sun (or the moon if you do a full moon hike) perfectly between the mokes.

Directions are below:

From H-1: Take Pali Hwy exit. Continue straight through Kailua town (Pali Hwy becomes Kalaniana'ole Hwy, then Kailua Road, then Ku'ulei Road.) Turn right onto Kalaheo Avenue (Kalaheo becomes Kawailoa Road). Turn left onto Alala Road at four-way stop. Take right fork onto 'A'alapapa Drive. Turn right at first intersection onto Ka'elepulu Drive. Park on the side of the road (not in the Country Club). A lot of local people hike this for exercise so follow them up the hill. Be sure to wear sneakers and bring your camera! The beginning is the hardest part and it only gets easier. Parking is a bit tricky these days so plan to park and walk.

From Lanikai, you'll see a set of Islands in the water, known as the Mokulua Islands or “**The Mokes.**” If you're feeling adventurous, you can kayak out to the Island on the left and see sea turtles, dive off cliffs, swim in the blue room, etc. (be sure to pack a sack lunch and some cold beverages, put your cell phone and valuables in ziplocs, and bring slippers if you're gonna hike around back). To rent kayaks call **Kailua Sailboards** at 130 Kailua Rd in Kailua ph: (808) 262-2555. Stop by **Kalapawai Market** for munchies at 306 S Kalaheo Ave, Kailua, (808) 262-4359 (I'm sure they can give you directions at Kailua Sailboards too – it's on the way to Kailua beach.) This is a great place to pick up a picnic lunch of sandwiches, snacks, and a cup of Hawaiian coffee.

## PEARL HARBOR

Be sure to go on a weekday and early in the morning (8 am) or you'll never get in. The summer is really a high season for visitors and you really want to get there before busloads of tourists do. Go on a Wednesday if you can, because the swap meet across the freeway from Pearl Harbor is also open that day. This is how it works: You wait in line to get a free ticket to visit the monument (which is a short boat ride from the shore) after you watch a brief and very powerful movie. Your ticket has a tour time stamped on it, and a little before that time is when you'll need to get back in a line of people to get on the boat, but whatever time you have between then is free. So if it's a long time (90 minutes or more), you can jet to the swap meet, if it's a shorter than that, check out the museum and gift shop while you wait to get on the boat.

Then go to the **swap meet** afterwards... this is where you'll find souvenirs cheap – little knick-knacks, macadamia nuts, cheap t-shirts, beach towels, etc. (Note: If you do go to the swap meet, wear light colored clothes and dress minimally, be sure to put on sunscreen and bring a bottle of water. It can get really hot in the summertime and walking on the blacktop makes it even hotter). The swap meet has plenty of parking and the entrance fee is fifty cents per person, payable in the parking lot. It's open Wednesday, Saturday & Sunday from around 9 am to 4 pm

If you're not into the swap meet, you can do the **USS Missouri** (or **Mighty Mo** as it's called) in the afternoon – or take a quick break for lunch and do the **Mighty Mo** afterwards – just call to check that the hours and wait time line up. It is such a cool battleship and totally worth the \$15 or so per person to see this huge piece of world history. The hours change around Christmas time.

## MUSEUMS

If you're feeling like getting some Hawaiian Culture, visit the **I'olani Palace** in Honolulu. It'll take you about an hour and a half. It's Hawaii's historic Palace that has been restored.

I'olani Palace: 364 South King Street, (808) 522-0832 OR (808) 522-0823 (They recommend making a reservation – and are closed on Monday – so if you really want to go here, you'll have to go another day). Give yourself 2 hours to go through it, although it may only take 90 minutes. Admission \$20, Tours are every 30 minutes between 9 am and 2 pm Tuesday through Saturday (12:30 tour is in Japanese).

If you're really into museums, you can go to **Bishop Museum** (the most amazing collection of Hawaiian history and artifacts) - think royalty and the US conquering Hawaii at I'olani Palace, and think Polynesian boats arriving on Hawaii and setting up camp at Bishop Museum.

Bishop Museum: 1525 Bernice Street, Honolulu, (808) 847-3511. There is plenty of parking. This museum you could probably spend 3 - 4 hours in, but it's a roaming museum, so you don't have to follow a tour or anything.

# Water Sports, Beaches and Fun!

**Sharks Cove** on the North Shore is an epic spot for diving, snorkeling and swimming with its beautiful see-through water and caves and marine life. Steer clear when waves are up as there are strong currents and that reef is very sharp!

**The Doris Duke Estate**, known as Shangri La, is worth the visit! The oceanfront property in Diamond Head is gorgeous and a fun way to get a little culture in. Visit [shangrilahawaii.org](http://shangrilahawaii.org) for more information or to schedule a visit.

## DOLPHINS

They drop you over the side of the boat on a shortened water ski rope so it actually feels like your swimming with the dolphins. Not only do you cruise to find dolphins and then swim alongside them, but you also go to a great snorkeling place where not a lot of people can get to. [www.dolphinexcursions.com](http://www.dolphinexcursions.com)

THE DORIS DUKE ESTATE

## SNORKELING

If you are planning on visiting an outer island, I'd snorkel there before I would snorkel at **Hanauma Bay** – Oahu's famous snorkel spot – it can get very crowded. If you decide to snorkel at Hanauma Bay (located in Hawaii Kai, about 30 minutes from Waikiki) it's closed one or two days a week, so be sure to get dates and times first. And go very first thing early in the morning to beat the crowd!

## PADDLE BOARDING

You basically stand up on a long board and you can paddle around or catch waves. It's good fun and a great work out, and all the rage right now! I like to paddle board to the Mokes and Flat Island in Kailua and to the Kaneohe Sand Bar. If you're new, go to Ala Moana. If you're more adventurous, paddle from Hawaii Kai to the Kahala Hotel (nice down wind paddle). Call Reid Inouye of Paddle Core Fitness... he's the best.

[www.paddlecorefitness.com](http://www.paddlecorefitness.com)

## SKY DIVING

Flying above the clouds and falling through the Hawaiian skies at 120 mph is an adventure you will always remember and treasure. For the adventurous at heart traveler, sky diving is a must do! Be sure to book in advance and the extra cost of the video is well worth every penny!

# My Favorite Hikes!

**Hanauma Bay Arch Trail Hike:** This is one of my favorite hikes. It's a 4-mile loop trail that starts off with an uphill, paved path, which leads you to a dirt trail down the mountain and to a hidden rock bridge. Be SUPER careful by the rock bridge as you don't want to get swept in those harrowing waters. It can be hot so best not to go mid-day.

**Lanikai Pill Boxes:** This is my go-to easy neighborhood hike. It's social, it's fun and the views are INCREDIBLE!! It's under 2 miles to the pill boxes, however, there's a bunch of hikes you can take from the pill boxes if you're looking for more adventure. This hike is gorgeous at sunrise and sunset and especially under a full moon.

**Pali Notches:** This is a good one for the advanced hiker looking for adventure. It's listed as closed and there's a gate that can be accessed from the Pali Lookout, however, it's easy to bypass the gate. Getting dropped off here and picked up at Maunawilli Falls is how I like to do it. Bring lunch, plenty of water, a swimsuit and long pants (the shrubs are not well maintained and can cut up your legs).

**Three Peaks** is located in Kailua (on your way to Maunawilli). I highly recommend this hike for the advanced hiker. I've only done 2 of 3 peaks as there have been too many rescues from the 3rd peak for me to risk it. There are steep drop offs on both sides and some ropes to get up some areas.

**Diamond Head:** Super touristy, relatively easy despite lots of stairs, but has great views. Will take you about 2 hours total.

**Maunawilli Falls:** Located in Kailua. This is a great hike to a beautiful waterfall. Hike takes about 2 hours and you're back in the lush, wet mountains. Bug spray is a must and don't swim in the falls if you have any open cuts! This is can be a muddy hike so don't be afraid to get dirty!

**Manoa Falls:** Located in Manoa. Also a beautiful hike in the lush mountains to a waterfall. Total hiking time is about an hour. You park in a paid lot with attendant. Bug spray is a must and don't swim in the falls if you have any open cuts! This is another muddy hike so don't be afraid to get dirty!

**Stairway to Heaven:** This is another favorite hike of mine but unfortunately it's closed. Go at your own risk. Definitely need to be in shape for the 3,922 stairs!

**Makapu'u Lighthouse:** This is a fun and easy hike, great for families. You'll see lots of locals and tourists. Takes about 1.5 hours and if you going sometime between December and April, be sure to look for whales!

# Where to Relax!

Looking to zen out in Hawaii? If so, here are my top recommendations.

**Laka Day Spa:** This spa is truly a hidden gem in Honolulu! It's my go-to spot for relaxation and zen! You start off your experience in the amethyst relaxation room by laying on the warm floor that radiates good energy and healing into your body and you end the massage with a tasty treat of homemade sesame ice cream from the owner's mother (DELISH!).

320 Ward Ave, Suite 200 Honolulu, HI, (808) 397-5252  
www.lakaspa.com

**Lomi Lomi Hana Lima:** If you want a massage on O'ahu, you can find one almost anywhere. But in the center of Kailua there's a special place with the hands and heart to heal you way beyond the ubiquitous backache.

315 Uluniu St. Kailua, Hawaii, (808) 263-0303

**Hawaii Healing Arts College:** If you're looking for an affordable massage that's clean, friendly, and professional, this is your place!

Kailua Medical Arts Building, 407 Uluniu St. Suite 204

**Kenko Sokushin Foot Reflexology:** Located in the heart of Waikiki, around the corner from a famous and delicious noodle shop, Kenko Sokushin is the real day! This is a best kept secret, however, you've got to call to make a reservation as it gets booked well in advance.  
2310 Kuhio Ave Ste 11-12, (808) 923-0500

Treat yourself at the **Kahala Hotel Spa** and enjoy high tea in the lobby afterwards.

5000 Kahala Ave, (808) 739-8938

Another way I love to relax and start the day off right,

is to walk the beach at sunrise!

# The Big Island

The volcano on the Big Island is a definite must see for anyone visiting the Hawaiian Islands. The Big Island is the largest island in size but not in population. There are 187,000 people living on the Big Island, compared to the 1.3 million people that live throughout the Hawaiian Islands. This is a sleepy island with great opportunities for adventure and luxury!

## DINNER & NIGHTLIFE

**Beach House Restaurant in The Four Seasons:** Definitely go for dinner and sunset cocktails. The restaurant is open air and literally on the beach!  
[www.fairmont.com/orchid-hawaii/dining/brownsbeachhouse](http://www.fairmont.com/orchid-hawaii/dining/brownsbeachhouse)

**Lava Lava Beach Club:** A great place to unwind after a busy day of activities. Great cocktails, live music, plenty of locals and another great beach bar.  
[www.lavalavabeachclub.com/bigisland](http://www.lavalavabeachclub.com/bigisland)

**Huggo's:** The sesame-crusted ahi is ono!  
[www.huggos.com](http://www.huggos.com)

**Hilo Bay Café:** Be sure to try the warm garlic shrimp salad!

Visit the **Farmer's Market** to get a good feel for local culture, cuisine and taste our ono tropical fruits and vegetables.

## FAVORITE HOTELS

**Four Seasons Resort Hualailai** is exquisite – this is a great honeymoon/special occasion hotel!  
[www.fourseasons.com/hualalal](http://www.fourseasons.com/hualalal)

**Mana Lani Bay Hotel:** [www.maunalani.com](http://www.maunalani.com)

# Where to Go on the Big Island!

**Papakolea Beach:** One of only four green sand beaches in the world – a must see! Equally beautiful is the black sand beach at Kehena. Keep an eye out for dolphins as well!

## KONA SIDE

**Kona** is a cute town, and just about the Big Island's only nightlife area. There are lots of great restaurants along the main street on the oceanfront.

**Makalawena Beach** is an amazingly beautiful white sand beach! It's a fun, bumpy ride so you'll need an off-road 4-wheel drive vehicle to get there or you can park and hike it.

### **Kayaking in Kealahou Bay**

Snorkel, Kayak and swim with spinner dolphins. Rent gear from Bayside Adventures. Kealahou Bay is located on the Kona coast of the island of Hawai'i about 12 miles south of Kailua-Kona.  
82-6009 Kahauloa Rd, Captain Cook, HI 96704  
[www.baysideadventures.com](http://www.baysideadventures.com)

**Manta Ray Night Dive:** This will be an experience you'll never forget and is one of the most popular activities on the Big Island. It's a beautiful and surreal sight to dive by torchlight amongst manta rays up to three times your size as they gracefully fly through the water.

**Holualoa:** A super cute artist village in the mountains above Kona. There are a bunch of little galleries and workshops, great art, jewelry and sculptures.

## HILO SIDE

**Hawaii Volcanoes National Park:** Depending on the flow, the distance to see the actual flow can fluctuate anywhere from ½ mile to 7 miles or more. It's amazing to see actual lava and you'll get to see where the lava has taken over streets of long ago. The last time I was there, we watched the lava flow directly into the fierce ocean and that was a sight to see with the water gurgling and smokey. If you do this hike to the lava fields, wear jeans and hiking/tennis shoes, as the lava can be fairly sharp. It's also very porous in areas and you may fall in the dry lava up to your knees, so your jeans will help protect your legs (it sounds a lot more dangerous than it is). My recommendation is to hike in just before sunset, while it's still light out and hike out with a flashlight in the dark. You'll really want to see the lava in both daylight and at night. There are park rangers and lots of tourists there so it's quite safe.

There are a bunch of small hikes you can do in the area. Visit this site for more information and there's also a volcanoes national park office that will give you more info once you're up there:  
[www.nps.gov/havo/pphtml/accessibility.html](http://www.nps.gov/havo/pphtml/accessibility.html)

**Note:** The hike to the lava flow is at sea level and can be pretty warm. However, if you visit Hawaii Volcanoes National Park it can be very cool, so bring a sweater.

# Where to Go on the Big Island!

## HILO SIDE

**Boiling Pots to Pe'epe'e Falls:** Go swimming and enjoy the beautiful waterfalls. Rainbow Falls, Boiling Pots/Pe'epe'e Falls and Wai'ale can all be reached by driving up Waianuenue Ave.

**Akaka Falls State Park:** It's just a quick 30-minute hike to see the 400+ foot waterfall

**Hilo Farmers Market:** Twice-weekly outdoor market with over 200 vendors selling produce, artisanal foods & crafts.  
Corner of Kamehameha Avenue and, Mamo St, Hilo, HI 96720  
[www.hilofarmersmarket.com](http://www.hilofarmersmarket.com), (808)-933-1000  
Check online for updated market hours

**Kaumana Caves State Park:** Great place to check out lava tubes and actually walk through one! Bring your flashlights!  
Trailhead address: Kaumana Drive, Hilo, HI 96720

**Walk and explore Pahoia Village:** This is a great place to get a taste of the bohemian Puna lifestyle. It's known as the "dreadlocks capital" of the Big Island because there's a large population of hippies.

**Hilo Tea House**  
(808) 934-0333  
[www.perfectharmonyhawaii.com/tea-room](http://www.perfectharmonyhawaii.com/tea-room)

**Suisan Fish Market:** go early because they sell out early  
The famous Suisan Fish Market is located on the waterfront in Hilo, and they offer the best tasting poke on the Island). It's always super fresh, made with just caught fish delivered at their dock.

93 Lihikai St, Hilo, (808) 935-9349  
[www.suisan.com/our-services/fish-market/](http://www.suisan.com/our-services/fish-market/)  
Weekdays: 9:00am-3:00pm  
Saturday: 9:00am-3:00pm

# Maui

Maui reminds me a lot of what Oahu must've been like 30 years ago. It still has that old island charm and small-ish population (150,000 population), but it also has that hustling and bustling feel (after Oahu of course!) with a lot to do!

## WHERE TO EAT

Absolute Must!!! **Mama's Fish House in Paia:** One of my favorite restaurants! Come hungry, must make advance reservations, get a seat by the water and try several dishes (dessert too)!  
[www.mamasfishhouse.com](http://www.mamasfishhouse.com)

Another Favorite Restaurant is **Haliimaile General Store.**  
900 Haliimaile Rd, Makawao  
[www.bevgannonrestaurants.com](http://www.bevgannonrestaurants.com)

**Old Lahaina Luau** is a great luau, not cheap, but it's one of the better, more authentic and less touristy ones.  
[www.oldlahainaluau.com](http://www.oldlahainaluau.com)

## WHERE TO STAY

On the Wailea Side, stay at the **Andaz** ([www.maui.andaz.hyatt.com](http://www.maui.andaz.hyatt.com)) or **Four Seasons** ([www.fourseasons.com/maui](http://www.fourseasons.com/maui))

On the Ka'anapali Side, **Hyatt Regency Maui** ([www.maui.hyatt.com](http://www.maui.hyatt.com)) in Ka'anapali and **Ritz Carlton in Kapalua** ([www.ritzcarlton.com/en/Properties/KapaluaMaui](http://www.ritzcarlton.com/en/Properties/KapaluaMaui)) are my favorite places to stay.

P.S. The Ritz offers a very reasonable Kama'aina rate.

MAMA'S FISH HOUSE

# Where to Go on Maui!

You'll hear a lot of people recommend that you visit **Haleakala** at sunrise. While it is breathtakingly beautiful at sunrise, it also has incredible sunsets as well! If you're not an early bird, I highly recommend picking up a bottle of champagne and heading up to Haleakala in time for sunset. Get there early enough so you can pick out a good spot to kick back and enjoy the magic hour. Haleakala is 10,022 feet in elevation and it can get surprisingly cold up there so be sure to bring a blanket and a sweater.

If you plan to go up at sunset, go an hour or two early and check out **Ali'I Kula Lavender Farm** ([www.aliikulalavender.com](http://www.aliikulalavender.com)) and **The Naked Cow Dairy** ([www.nakedcowdairyhawaii.com](http://www.nakedcowdairyhawaii.com)). After you've watched the sunset, head down the mountain for dinner at the **Haliimaile General Store** (make a rezzie in advance).

If you are an early morning person and want to view Haleakala at sunrise, have breakfast at **Kula Lodge** on the way down the mountain. It's a great little spot with amazing views.

HALEAKALA

**Lahaina:** Spend some time in the town of Lahaina, which is along the water on Front Street. Walk around, grab cocktails, dinner and shop!

**Big Beach in Wailea:** If you want to spend your day at a beautiful beach, this is it! If you're into nude sun bathing, ask someone to point you in the direction of Little Beach.

Best of all, get your beach towels, chairs and toys delivered to you at the beach with 1-800-snorkel. [www.1-800-snorkel.com](http://www.1-800-snorkel.com)

**Whale Watching:** Humpback whales migrate from Alaska to their warm-water breeding grounds in Hawaii every year. Whale watching season typically runs from November to May. If you want to get up close and personal with these beautiful whales, book a whale watching tour with Ultimate Whale Watch. They also offer kama'aina rates and if you have a big group, you could take over the whole boat. [www.ultimatewhalewatch.com/index.html](http://www.ultimatewhalewatch.com/index.html).

**Drive to Hookipa and/or Hana:** The drive to Hana can take hours, so I highly recommend driving in for 30 minutes and driving out so you get a taste of what it's all about, minus the hours of windy roads (54 to be exact). Due to the windy roads, Hana should not be traveled by those with weak stomachs. There are a bunch of great stops along the way and if you'd like a guided tour, stop at one of the roadside stands off of Dairy Road on the right hand side, just before you turn onto Hana highway, and pick up a CD. The CD will take you along the drive to Hana, telling you when and where to stop. Here are my personal favorites:

**1) Paia Town** is a super cute little town just East of Kahului Airport filled with boutiques and restaurants. I HIGHLY recommend having lunch at **Mama's Fish House**. It's hands down, my favorite restaurant!

**2) Hookipa Beach Park** is home to the best kite surfing and windsurfing around. Be sure to pull over and take pictures and watch the world-class kite surfers & windsurfers.

# Kauai

Kauai is one of my favorite islands and is known as the honeymoon isle. It's very lush and green and a place of incredible relaxation and peace. My favorite town is Hanalei as it reminds me of the town I grew up in on Oahu. My other favorite treasure on Kauai is the Na Pali Coast. Words can't describe the beauty of this trail until it's been experienced first hand.

## WHERE TO EAT

**Hokuala** is a new recent favorite. Kauai's newest oceanfront resort. Great restaurant overlooking the ocean with breathtaking views. You can eat outdoors, play some outdoor games and enjoy fantastic cocktails with friends. Only 5 minutes from the airport. Free valet parking.

3351 Ho'Olaulea Way, Lihue, (808) 320-7400  
www.hokualakauai.com

**Hanalei Dolphin for Sushi:** Has a great outdoor area too!  
www.hanaleidolphin.com

**Barracuda:** Very trendy spot and one of my personal favorites.  
www.restaurantbaracuda.com

**Postcards Cafe:** This is a cute little restaurant with delicious food (great fish and seafood) in an old home that's been fixed up and is very cute, quaint and cheerful. www.postcardscfe.com

**The Beach House:** Great for sunset cocktails and dinner!  
www.the-beach-house.com

**Puka Dog:** Great for lunch - it was featured on the travel channel and it is adorable and delish (it has since expanded to Waikiki and is now a tourist trap, but the Kauai location was the first one).  
www.pukadog.com

**Gaylord's** (by the airport): An old plantation home turned restaurant, with phenomenal food. www.gaylordskauai.com

**Kauai Grill in the St Regis:** Jean Jorges restaurant, great if you want a high-end meal. www.kauaigrill.com

**Palate Wine Bar:** Wine bar and market located in Kilauea on the north shore of Kauai.  
2474 Keneke St a, Kilauea, (808) 212-1974  
www.palatewinebar.net

**Tahiti Nui:** The real deal Hawaiian Tiki Bar. It's great for after dinner drinks and live music. It's also where George Clooney was filmed in the movie The Descendants. www.thenui.com

## WHERE TO STAY

I love staying in the **Hanalei** area as it's sleepy and cute, has great restaurants, beaches, hiking (the Na Pali coast is there), etc. It's a mix of tourist and locals. It's remote and quiet and super lush and beautiful.

**In/Near Hanalei:** St Regis, Princeville or stay in a BnB in Hanalei Town, near the water.

**Poipu: The Grand Hyatt** is on the other side of the island and the resort is beautiful! If you like lounging on the beach, and hanging out poolside with cocktail in hand, this is the place for you!

# Where to Go on Kauai!

**Waimea Canyon:** Known as the Grand Canyon of the Pacific. It is quite breathtaking.

**Snorkeling at Ke'e Beach:** Check out the sea caves along the way to Ke'e.

**Kapa'a Town:** A cute little gem of a town filled with cute shops and restaurants.

**Catamaran/snorkeling cruise around the Na Pali coast:** Highly recommended! This is really the only way to see the coast, from the water, and it has amazing views. **Captain Andy's** is supposed to have the best tour!

**Secret Falls:** Great for kayaking and hiking.

**Kipu Falls:** This is a short 5-min hike that leads you to an awesome little waterfall with rope swing.

**Hanapepe:** Known to be "The Biggest Little Town." Be sure to visit the suspension bridge.

**Waipoo Falls** is a 800-foot cascading waterfall that can be seen from various lookouts along the canyon road. It's a quick easy hike to the falls.

**Kipu Falls** is a tiny but very popular waterfall with rope swing – super fun but be careful as it's known to be very slippery – and bring bug spray.

**Queen's Bath** is one of my favorite spots to get some sun and swim in the Princeville area. It's a quick but rocky trail down to the beach (can be muddy and slippery). This is for advanced and adventurous swimmers only as it can be pretty dangerous with the tides.

**Uluwehi Falls** also known as Secret Falls is located in Wailua River Basin. Rent kayaks or SUPs and enjoy a paddle along the river (about 30-45 minutes each way). Several kayak places nearby.

**Wailua River:** Kayak, hike and swim under a waterfall. Kayak or SUP down the river and take an easy hike to a waterfall.

QUEEN'S BATH

## Maha'ulepu Heritage

**Trail:** Nice, long, coastal hike/walk along the ocean, beach and various terrain just five minutes after the Grand Hyatt Kauai.

# Where to Go on Kauai!

**Hanalei** is a super cute town a few minutes before the Na Pali Coast. It's my favorite place to eat at great restaurants and just to stroll around. You can also hang out at the beach, surf, sail, kayak and check out the beautiful Hanalei pier – and get a photo with it and underneath it.

**Na Pali Coast:** This is one of the main attractions on Kauai and my personal favorite! The Na Pali Coast is 11 miles in AND 11 miles out so if you're big into backpacking and camping, you will love this spot. If you're a real adventurer, pack your tent and some food and get ready for all terrain fun!

If you're not up for the big 22-mile adventure, pack lunch and head to the Na Pali Coast for a day trip. It's only 3 miles to the first camping area and it has a beautiful beach there. You can also hike up the river three miles to a beautiful waterfall. Bring sunscreen, bug repellent, a poncho in case it rains (known to have the wettest spot on earth) sandwich and drinks, camera, and hiking shoes that you don't mind getting muddy.

**Koke'e:** This is a beautiful place up in the mountains and a good hour drive from Hanalei. I remember staying in a cottage there as a kid and it really feels like you're going on a winter getaway. There are many incredible hiking trails that are not to be missed. It's cool and beautiful up there with lots of great views!

**Favorite Beaches:** Salt Pond, Poipu Beach Park, Lydgate State Park, Kealia Beach (great surfing/boogie boarding spot), Hanalei Bay (this is my personal favorite) .... Be sure to visit the pier and take a picture underneath it. There's also a fun surf break here and you can stand up paddleboard or kayak in the canal, which is a lot of fun and a great workout!

KOKE'E

# Try a Mai Tai!

Mai tai's are a popular drink in Hawaii. For those of you who want to reminisce about your time in Hawaii, here's an authentic traditional Mai Tai recipe from the "Mai Tai" Bar at the Royal Hawaiian Hotel in Waikiki. The original Mai Tai was created by Victor J. Bergeron in 1944 and brought to Hawaii in 1953 at the Royal Hawaiian, Moana and Surfrider Hotels.

**Prep Time:** 1 minute

**Total Time:** 1 minute
